

# KAI International Meeting 2020 Virtual

## [Reply Form\_ Curriculum Vitae]

<b>Name</b>	<b>Tae-Gyun Kim</b>	
<b>Affiliation</b>	Department of Microbiology and Immunology Yonsei University College of Medicine, Seoul, South Korea	
<b>Official Position</b>	Translational Research Assistant Professor	
<b>Education</b>	2001-2007 MD, Yonsei University College of Medicine 2008-2012 Resident, Department of Dermatology, Severance Hospital, Yonsei University College of Medicine 2012-2017 PhD, Yonsei University College of Medicine	
<b>Major Career (less than 5 items)</b>	2015-2016 Research Fellow, Department of Dermatology, Brigham & Women's Hospital, Harvard University, Boston, USA 2017-2018 Clinical Fellow, Department of Dermatology, Severance Hospital, Yonsei University College of Medicine, Seoul, Korea 2018-2019 Clinical Research Assistant Professor, Severance Hospital, Department of Dermatology, Yonsei University College of Medicine, Seoul, Korea 2019-Current Translational Research Assistant Professor, Department of Microbiology and Immunology, Yonsei University College of Medicine, Seoul, Korea	
<b>Biography</b>		
Dr. Tae-Gyun Kim is a physician-scientist studying basic and translational immunology to understand the pathogenesis of chronic inflammatory skin conditions including psoriasis and recalcitrant eczema with the view of cellular and molecular interaction between skin-resident immune cells and microanatomy. His research interests include 1) ontogeny and function of skin-resident immune cells, 2) identification of the skin immune tolerance mechanisms, and 3) developing strategies to introduce long-term remission for the chronic skin diseases.
